Number of account: 22734101/0100,
VS 400101 (English for Advance - FCE)
VS 400102 (English for Academics)
VS 400103 (German language)

The message for the recipient, please write your name.
**STUDENT RESEARCH CONFERENCE 2017 – 1ST INFORMATION**

Student Scientific Conference of 3rd FM CU will be held on *Tuesday, May 23, 2017*. The Conference will be similar to last year, divided into lectures and poster section with the majority of the presentations will be in the form of posters. An independent expert committee will decide on the breakdown of contributions to sections.

As part of the poster session will be „the moderated discussion” with five-minute competitor’s presentation. The form for abstracts will be opened on *March 1, 2017* on faculty website ([svk.lf3.cuni.cz](http://svk.lf3.cuni.cz)). In order to decide the contributions into individual sections, the contributions will be not accepted after the deadline for submitting an abstract which is set on *April 9, 2017*.

**Students who will not submit the abstract by this time, will be not allowed to participate at SRC 2017 and therefore will not get credit for registered SRC!**

The actual text of the abstract should not exceed more than **2500 characters (including spaces)** to fit on one page of compilation. You can add a maximum of one attachment (charts, tables, image etc.) to the text. Please note that the abstract should be submitted by using the electronic form on this page, the abstracts in text forms sent by email will be not accepted.

The author may choose the section (theoretical, clinic, postgraduated, bachelor). Students of PhD study always choose postgraduated section without distinction to clinical and theoretical section. The author may not or may choose a form of presentation that she/he prefers (lecture, resp. poster). However, the final allocation will be decided by the committee which is composed of experienced scientists of our faculty. If there is more than one author per paper, the abstract is served only by the student and the other colleagues are mentioned as co-investigator. After submitting the abstract all authors will receive the confirmation email. Even after sending the abstract the text can be edited until the **deadline which is set on April 9, 2017 (23:59)**. Please fill out the form on the computer not on the tablet (it may not work well).

More info how to create the abstract you can find at [http://www.acponline.org/education_recertification/education/program_directors/abstracts/prepare/res_abs.htm](http://www.acponline.org/education_recertification/education/program_directors/abstracts/prepare/res_abs.htm).

You can also view the compilations from previous years of conference at [http://www.lf3.cuni.cz/3LF-797.html](http://www.lf3.cuni.cz/3LF-797.html).

Please send your questions to the address [svk@lf3.cuni.cz](mailto:svk@lf3.cuni.cz).

Coordinator of SRC

**JOB OFFER FOR POST-DOCTORAL STUDENTS**

**Search for a candidate to apply at a Post-Doctoral Fellow grant of the FRM (“Fondation pour la Recherche Médicale”)**

**Place:**  
Mediterranean Center of Molecular Medicine (C3M, Nice) Team: Cellular and Molecular Physiopathology of Obesity and Diabetes. Director: Dr TANTI Jean-François and Dr CORMONT Mireille

**Administrative requirements:**  
The candidate (French or Foreign) should have obtained his/her PhD between the 22 March 2016 and the 31 December 2017. The application deadline is 15 June, 2017. The answer of the application will be available in November 2017. In case of obtaining funding, he/she must take the position no later than May 22, 2018. The position could be asked for 2 or 3 years without possibility of renewal.

For foreign applicants, application to the European Marie Curie individual fellowships could be considered.
Project:
The main objective of the team is to identify novel molecular mechanisms linking obesity to insulin resistance that yields to metabolic syndrome. More specifically, the project will be in continuity of our recent discovery published in Diabetes *(Vergoni et al, Diabetes 2016)* that described the appearance of senescent-like adipocytes in the adipose tissue at the onset of obesity. He/she will have in charge to discover why these senescent-like adipocytes appears and how they contribute to the metabolic inflammation of the adipose tissue during obesity. The project will require the use of mice models as well as in vitro experiments with culture cell lines as well as primary adipocytes and immune cells.

Skills: The candidate should have a background in the physiopathology of metabolic diseases. Expertise in immunology will be a plus.

Techniques used: RT-qPCR; Western Blot, Flow cytometry, confocal imaging

Contact: Dr Mireille CORMONT cormont@unice.fr

**SUMMER SCHOOL – GERMANY - WÜRZBURG**

**German language summer course in Wuerzburg, Germany**

University of Wuerzburg is offering a German language summer course in August. The course takes place from August 1-29 and includes language lessons on levels A1-C1, cultural studies classes, a social program and trips. The city of Wuerzburg is located in central Germany, near Frankfurt.

More information can be found on the course website, which is available both in English and German: [http://www.daf-sommerakademie.zfs.uni-wuerzburg.de/en/international_summer_school_for_german/](http://www.daf-sommerakademie.zfs.uni-wuerzburg.de/en/international_summer_school_for_german/)
Alternatively you might also like to take a look at our summer course on the DAAD website: [https://www.daad.de/deutschland/studienangebote/sommerkurse/de/?p=d&s=sk&id=1142&page=1&sortBy=1&display=list&q=w%C3%BCrzburg](https://www.daad.de/deutschland/studienangebote/sommerkurse/de/?p=d&s=sk&id=1142&page=1&sortBy=1&display=list&q=w%C3%BCrzburg)

If you have any questions, please feel free to contact us: E-mail: daf-sommerakademie@uni-wuerzburg.de

Julius-Maximilians-Universität Würzburg

**SUMMER SCHOOL – GERMANY - BONN**

The University of Bonn would like to invite graduate and postgraduate students from your university to a Summer School on Development Policy in Bonn.

The Summer School addresses graduate and postgraduate students from any field of study. It will take place from July 31 to August 11, 2017. The program is conducted in English.

We would appreciate it if you could provide your students with information about the Summer School. We also took the liberty of attaching a flyer with basic information about the Summer School. If you should be interested in printed information material, we will gladly send you flyers and/or posters via mail. Please contact us in case you would like to obtain printed material.

Please feel free to visit the website of the Summer School on Development Policy: [www.developmentpolicy.uni-bonn.de](http://www.developmentpolicy.uni-bonn.de). The website will provide detailed information about the program.

Please do not hesitate to contact me or my colleague Ms. Kim Dubenkropp (dubenkropp@uni-bonn.de) if you have any questions.
